EXPERIENCE

Web Development Intern
LetsGrowMore | Aug 2021 - Sep 2021 | 1 month

- Created a single-page responsive web app with multiple sections for a sample company.
- Developed an app with a loader functionality for better user interactions and displayed user information.

PROJECTS

Food Delivery Web App (React | Redux | Tailwind CSS)

- Created a food delivery web app using React, Redux, and Tailwind CSS for ordering food from restaurant.
- Implemented a real-time cart system for efficient item management and better user experience.

Inventory Management System (MongoDB | React | Next.js | Tailwind CSS)

- Enhanced real-time monitoring of item availability and status through MongoDB CRUD operations.
- Created an Inventory Management System utilizing MongoDB, React.js, Next.js, and Tailwind CSS.

A Machine Learning Approach for Phishing Attack Detection (Python)

- Implemented ML algorithms to distinguish legal and phishing URLs, achieving highest accuracy with Random Forest.
- Compared multiple algorithms to identify the most effective technique for identifying phishing websites.

Dark Mode Browser Extension (HTML | CSS | JavaScript)

- Developed a browser extension providing Light and Dark Mode switching experience through a toggle button.
- The extension enhances browsing with visually appealing styles and smooth transitions, improving user experience.

EDUCATION

Bachelor of Engineering - BE, Computer Science
Terna Engineering College | Nerul, Navi Mumbai | 2023 | **9.27CGPA**

HSC, Science
Shivai Junior College | Thane | February 2019 | **70.77%**

SSC
Sri Ma Vidyalaya | Thane | March 2017 | **91.80%**

CERTIFICATIONS

Java Programming: Complete Beginner to Advanced
Udemy | 2022

Responsive Web Design
freeCodeCamp | 2022

SQL (Basic)
HackerRank | 2022

Full Stack Web Development Course
Udemy | 2023

German A1
Mumbai University | 2023

SKILLS

Languages: C | Java | Javascript | Python | MySQL | MongoDB

Frameworks and Library: React Js | Next JS | Tailwind CSS

Technologies and Tools: HTML | CSS | Git | Github

Engineering: Data Structure | Algorithms | OOP | DBMS | OS | ML
